**Introducing Our Judge – September 2017 – Mr Mark Johnston (NSW) – Blueprint**

Mark showed his first boxer as a child in 1976, and has been actively involved with this fabulous breed ever since. From those early beginnings, Mark became the driving force in the family's interest in Boxers, and Blueprint Boxers have gone on to become one of the most successful kennels in the Australia, with an international reputation.

Blueprint Boxers have produced a long line of breed club CC and BIS winners, who have been recognised under breed specialists from around the world. Dogs bred and owned by Mark have won multi All-breed BIS, Royal Groups & Point Scores. Two dogs which exemplify the quality that comes from this kennel are the huge winning Aust Grand Champion Blueprint Vanity Fair, who was the top winning bitch in New South Wales for 6 years in a row, winning an incredible 18 Specialty CCs and two

Royal BIGs, and the influential Crufts BOB winning, English and Irish Ch Blueprint Beern Skittles at Walkon, the winner of 31 English CCs.

With an interest in all aspects of the dog game, Mark has been President of the Boxer Club of New South Wales for 12 years and has previously held the position of Treasurer, Newsheet Editor and Committee member. Mark has been licensed to judge Boxers and the Utility Group since 1998, and has judged at many All Breed Shows throughout Australia and New Zealand, England, Scotland, Ireland, Sweden, Singapore, South Africa and Japan. He has also had the pleasure of judging a number of breed club specialty shows, including the Tasmanian Boxer Club, the Boxer Association of Victoria, the South Island Boxer Club (NZ), The Schnauzer Club of NSW and the Cotswold Boxer Club (UK) Open Show. He has also awarded Boxer CCs in the UK three times, which were real highlights in his judging career. He is now licensed to judge All-breeds and award BIS. Mark has been a past member of the Dogs NSW Judges Training Scheme committee.

Mark has travelled extensively to see dogs from around the world and has attended many of the top shows, including Crufts and World Dog Shows. Whilst using primarily English bloodlines in his own kennel, he has also used dogs with American and Continental breeding, appreciating the value of good Boxers from anywhere in the world. Mark is married to Dayna, who is a partner in the world famous “Coifico” Miniature Poodle kennel. He has also had an interest in Miniature Schnauzers. He is the Head Teacher of the English and Languages Faculty at a large comprehensive secondary school in Sydney.

As a fan of brachycephalic breeds, Mark is delighted to be able to accept this appointment. He considers specialties to be the most prestigious events to win at, and to be asked to judge at breed club level is an absolute honour.

**ROYAL CANIN**

**Breed Standard – French Bulldog (last updated 22 May 2009)**

**General Appearance:** Sturdy, compact, solid, small dog with good bone, short, smooth coat. No point exaggerated, balance essential. Dogs showing respiratory distress highly undesirable.

**Characteristics:** Full of courage, yet with clown-like qualities. Bat ears and short tail characteristic features of the breed.

**Temperament:** Vivacious, deeply affectionate, intelligent.

**Head and Skull:** Head square in appearance and in proportion to dog's size. Skull nearly flat between ears, domed forehead. The skin covering the skull and forehead should be supple enough to allow the dog to show facial expression. Well defined muzzle, broad, deep and set back, muscles of cheeks well developed. Stop well defined. Lower jaw deep, square, broad, slightly undershot and turned up. Nose black and wide, relatively short, with open nostrils and line between well defined. Lips black, thick, meeting each other in centre, completely hiding teeth. Upper lip covers lower on each side

with plenty of cushion, never so exaggerated as to hang too much below level of lower jaw.

**Eyes:** Preferably dark and matching. Moderate size, round, neither sunken or prominent, showing no white when looking straight forward; set relatively wide apart and on the same level as the stop.

**Ears:** "Bat ears", of medium size, wide at base, rounded at top; set high, carried upright and parallel, a sufficient width of skull preventing them being too close together; skin soft and fine, orifice as seen from the front, showing entirely. The opening to the ear canal should be wide and open.

**Mouth:** Slightly undershot. Teeth sound and regular, but not visible when the mouth is closed. Tongue must not protrude.

**Neck:** Powerful, well-arched and thick, but not too short.

**Forequarters:** Legs set wide apart, straight boned, strong, muscular and short.

**Body:** Cobby, muscular and well rounded with deep, wide brisket and ribs well sprung.

Strong, gently roached back. Good cut up.

The body while broader at the shoulders should narrow slightly beyond the ribs to give definition to the relatively short, thick, strong, muscular loin.

**Hindquarters:** Legs strong, muscular and relatively longer than forelegs, with moderate angulation. Hocks well let down.

**Feet:** Small, compact and placed in continuation of line of leg, with absolutely sound pasterns. Hind feet rather longer than

the fore-feet. Toes compact; well knuckled; nails short, thick and preferably black.

**Tail:** Undocked, short, set low. Thick at root, tapering quickly towards tip, preferably straight and long enough to cover anus. Never curling over back no carried gaily.

**Gait/Movement:** Free and flowing. Soundness of movement of the utmost importance.

**Coat:** Texture fine, smooth, lustrous, short and close.

**Colour:** Brindle, pied or fawn. Tan, mouse and grey/blue highly undesirable.

(1) Brindle - a mixture of black and coloured hairs. May contain white provided brindle predominates.

(2) Pied - white predominates over brindle. Whites are classified with peds for show purposes; but their eyelashes and eye rims should be black. In peds the white should be clear with definite brindle patches and no ticking or black spots.

(3) Fawn - may contain brindle hairs but must have black eye lashes and eye rims.

**Sizes:** Ideal weight:

Dogs 12.5 kgs (28 lbs)

Bitches 11 kgs (24 lbs)

Soundness not to be sacrificed to smallness.

**Faults:** Any departure from the foregoing points should be considered a fault and the seriousness with which the fault should be regarded should be in exact proportion to its degree and its effect upon the health and welfare of the dog.
