

# French Bulldog Club Terry Cartwright Memorial Show

## September 2018

I found the substance and bone on the dogs to be excellent compared to other areas of the world. Large wide heads and in the heat of the day, I'm happy to say most dogs had nice open nares and overall breathing was good. A few dogs struggled from palate issues. Overall, movement was clean. Silhouettes adhered to the breed standard.

Areas that could use improvement in my eyes were fronts, as I saw many bowed front legs and straight shoulders. Also, many exhibits were lacking in layback of muzzle and/or upturn of lower jaw. I'd also like to see us as breeders darken eyes. The last is a worldwide problem I see.

After judging all these lovely dogs, I feel that the breed is in good hands in Australia and just needs a few tweaks. I thank you all greatly for this honor. It's something I will hold dear to my heart for my life. I enjoyed every minute! Best of luck in the future to you all.
