Foreword

As President of The French Bulldog Club of NSW Inc. it is my pleasure to introduce the eBook “**Celebrating the first three Decades**”

Originally conceived by Lyndsay Kruse in 1985, printed editions of "**The Australasian British Bulldog and French Bulldog**" (published in 1985, 2000 and 2002) and two eBook editions of “**British Bulldogs of Australia**” provide a pictorial record of Dogs and the Kennels who have made a significant contribution to their breeds over the decades. In my opinion, they are invaluable reference books for breeders and lovers of both breeds alike.

I would like to congratulate Lyndsay on producing this latest edition on French Bulldogs, and sincerely thank him for his efforts.

Our French Bulldog Club of NSW will be celebrating our Ruby Jubilee in 2023, quite a milestone! I'm sure that the 40th Anniversary eBook will be one not to miss, and I encourage your participation.

Preface

It quickly became apparent to me as I began planning the 40th Anniversary eBook for The French Bulldog Club of NSW, I needed to compile and publish this one first. I felt there was a need to showcase those past breeders and their dogs behind the current winners.

By no means complete, I believe that this eBook makes a good start in establishing a pictorial record of the breed, which I am confident the 40th Anniversary eBook and future editions will expand on.

Before there is any criticism about who is in it and how many dogs they have included, I contacted a number of people, but for various reasons (no

photographs, too busy or never replied to my emails), they did not include their dogs. I am grateful to those who are involved and made this edition possible.

I don't apologise for the quality of some of the photographs, understandable with the originals being both old and grainy. Shame that there are ordinary photographs of some truly beautiful dogs, who did a good deal of winning back in the day. I believe they still allow you to see those dogs behind the pedigrees of the current ones, which cannot be seen anywhere else, certainly not in the same spot and easily accessed.

I put the utmost effort into doing the best that I could with every photograph that I received. It is amazing what a little enlarging and cropping of an ordinary photograph can do to get the best result in showcasing the dog to the best possible advantage. I cannot stress enough how important it is to make sure that you get at least one good photograph of each of your dogs in their prime and store them safely, so much easier now with digital photographs.

From experience with my Bulldog eBooks, I know that some people want a printed book. The cost of producing and printing that is prohibitively expensive and, with the business model that I used, relies heavily on people paying to include photographs of their dogs. I suppose the Club could subsidise the project by sharing the printing cost. However, I see publishing in this eBook format as a viable and attractive alternative, especially as people are inclined to include more of their dogs than if they were paying for each page.

Anyone is welcome to get a quote to print this and future eBooks. In fact, I encourage you to do so, then you will have an idea of what the actual costs involved are.

Until 2023, enjoy the read.

Aust Ch AMLONE TIGRE BOY

Bred by Mrs Greta Bryne and owned by Mrs B Ford

Awarded Best in Show in 1974 at the Mt Morgan Kennel Club Championship Show by British Bulldog specialist judge Carmyn Kingston.

He was the second French Bulldog to win Best in Show in Australia, as Kath Parlett's **Aust Ch SANSTACHE SOLO SUN** (*rear cover of Issue One*) was the first, winning his Best in Show two weeks earlier at Kurrumburra Kennel Club, under judges Arthur Taylor (Non-Sporting Group) and Ken Turnbull (Best in Show).
